NON-CIRCULATING LEGAL TENDER APPENDIX - A

Canada and Great Britain NCLT

Modern Dime Size Silver NCLT of the World

NON-CIRCULATING LEGAL TENDER APPENDIX - A

Non-Circulating Legal Tender - issued by a legitimate government, which do to the metal - silver or gold are marketed at a price greater than the bullion content or the value of the denomination. this coinage is produced for the collector or investor.

The main catalogue and Footnotes deal with circulation **Modern Dime Size Silver Coins of the World**, including older issues which today would be classified as *non-circulating legal tender* [NCLT] such as the Tunisian issues of the Paris mint which continued the regular issues during years when there was no production of the circulation coinage and the Great Britain Maundy four pence coinage which are included, starting with Queen Victoria. The last circulation issues of this series was the Netherlands Antilles - ¼ Gulden dated 1970.

There have been however, several NCLT issues, particular from the Franklin mint for Belize, and the Isle of Man issues minted by the Pobjoy mint, which should be listed for identification. Therefore we have included these *coins* in this APPENDIX - A.

Issues are listed in alphabetical order by countries and then chronological by date.

ANGUILLA

1969 - 1/2 DOLLAR - OBVERSE

FOOTNOTE: Anguilla is a self-governing British colony, some 70 miles north of the island of St. Kitts. The currency unit is the Eastern Caribbean dollar. Anguilla is only 7 miles from the island of St. Martin. Its is a small flat island, with mile upon mile of beautiful coral sandy beaches.

1969 - 1/2 DOLLAR - REVERSE

MINT: (no mintmark) = KARLSRUHE MINT, West Germany

REFERENCE: KM-1

TYPE: NCLT proof

FOOTNOTE: Since this work was first completed, both the United States and Canada have produced NCLT dime size silver proof coins. The United States has issued silver proof sets with the same design as their circulation non-silver proof sets and the regular annual coinage designs each year. Each set has contained a silver proof dime. More recently Canada has issued a series of silver 10 cent proof dime size silver commemorative coins. Both of these would be classified as NCLT coins. Macau issued proof sets 1982-85 with a dime size silver 10 Avos coin. Great Britain issued a NCLT 5 pence sterling coin in special set dated 1990.
